## Elder Nunn Has Been at Calvary Baptist One Year

Last Sunday closed the first year of Elder W. E. Nunn's pastorate of the Calvary Baptist Church in Hamlin. Elder Nunn came here as a result of a visit to the church while he was on the field as State Missionary Evangelist. He saw the need of this field after the church had called him and accepted the call.

Since the local church called him, the church has paid off a small indebtedness on their auditorium, and built an educational building, and have it paid for now. The interest and attendance are the largest in her history. Also the fellowship is good. There have been nearly 50 additions to the church. "Of all this we praise God and press forward to new things," the pastor stated.

"The church has had its ups and downs, but this year has been a year of ups. We hope that next year will be even greater year than the past," he further stated.

During the past year, Brother Nunn has held several revival meetings in other churches besides his work at home. In Odessa, Roaring Springs, Palava, Judd and Athens he held meetings.

There have been about 100 additions to these churches, many of them on profession of faith and baptism.

Last Thursday Brother Nunn returned from a Mission Meeting in the city of Athens, which was held under the State Tents. The result of the meeting was the organization of a new church there.

The North Colorado Association met in a Worker's Conference at the Calvary Baptist Church last Friday. Speakers from Hermleigh, Snyder, Anson, Goree, Paducah and other places were present and brought beneficial and inspiring messages.

"The Calvary Baptist Church extends a friendly invitation and welcome to the entire public to attend all of her services. Sunday School for all classes begin at 10:00 o'clock a. m. Sunday mornings, preaching at 11:00 o'clock a. m. and 7:30 o'clock p. m. Prayer service and Bible study are held each Wednesday evening. At the present time, we are studying the Book of Revelation, taught by the pastor. On Tuesday afternoons at 2:30 o'clock p. m. the Women's Missionary Auxiliary meets," continued Elder Nunn.

"We wish to thank each one who has had a part in making the past year what it has been. Also we want to labor to make next year even greater. Our motto is 'A Friendly Church With a Plain Gospel Message Preached Without An Apology.' Come thou and we will do thee good, for the Lord has spoken good concerning Israel.—Numbers 10:29" the pastor concluded.

The Calvary Baptist Church has also purchased stock in Hamlin Memorial Hospital for their pastor and are going to furnish one of the rooms.

"You are cordially invited to attend these services," Scott stated. "You will miss the greatest opportunity of your life if you fail to hear this man. He speaks in a kind voice, yet it is forceful. He preaches doctrine found in the Bible, and no where else. You need to hear him. It would be worth your time just to hear Roy Hooten leading the singing," concluded Scott.

## Mighty Mice Ride Stamford 46-6

Hamlin's Mighty Mice helped ease the pain of their big brother Piper loss to Stamford Bulldogs last week night when they walloped the Stamford Pups 46 to 6. Hamlin's Mice made a touchdown the first few seconds of the game and then drove again to the Stamford three-yard marker where they lost it on downs. Stamford took over and Rasco raced 97 yards for Stamford's Pups only score of the evening. In the second quarter Dean returned a punt 45 yards for a touchdown and the Mice led at half-time 12 to 6.

In the final half the Mice ran wild to overrun the Pups 46 to 6.

This week the Mice are idle and next week they meet Anson in the deciding game for the loop's junior championship. Both teams are undefeated and in their first encounter tied at 19-19.

Heavy rain fell briefly Friday night and early Saturday morning to the delight of wheat growers who were eagerly watching for their wheat to comeup that was "dusted in." ## Improved Pipers Lose 44-33 Scoring Spree

## Pied Pipers Meet Munday Moguls Here Tonight

Hamlin's Pied Pipers, still seeking a victory after six successive defeats, meet the mighty Munday Moguls in a District 11-A encounter at Pied Piper Stadium Friday night. It will be the last home game of the season and Hamlin fans are urged to come out and back the locals as they engage the superior Knox County team.

Although showing great improvement now that they have begun to grasp the importance of blocking and tackling, the light and largely inexperienced Pipers are conceded no change of a win tonight (Friday). Nevertheless, both coaches and team members say they will be in their fighting for every inch of ground.

The Moguls, considered potential title winners this fall, have lost to Anson and Stamford, the latter 19 to 14 last Friday night and the game here will have no bearing on the title race, now narrowed down to Stamford and Anson.

Figures compiled from starting line-ups reveal that the Moguls outweigh the locals 26 pounds per man, with an average of 175 against the Pipers 149. The Mogul line averages 178, the Pipers 152. In the backfield Munday averages 168 and Hamlin 146.

Coach Howard said Tuesday that his team suffered a blow with the loss of Donald Green for the season. Green underwent an appendectomy Monday and will be lost for the season. A sophomore, he played in nearly 20 quarters.

## Tate May Meets Former Resident At HS-U—MS Game

Tate May flew to Columbus, Mississippi Saturday to attend the Hardin-Simmons-Mississippi State football game.

While yelling his lungs sore for the Hardin-Simmons Cowboys, he overheard another fellow behind him hollering, "Yea, Cowboys," too. He glanced sideways at the young man and at the same time the other man took notice of Mr. May. He excitedly inquired, "Say, aren't you Tate May from Hamlin?" Readily Mr. May admitted the fact and soon discovered he was addressing Johnny Dunn, son of Drew Dunn, who owned and operated a ranch north of Hamlin a few years ago.

Johnny now lives in Anniston, Alabama and his parents live in Arkansas. James Tate May and Johnny Dunn attended high school together in Abilene.

More proof that this is a small world!

Tate May got plenty of thrills enroute home when his plane ran into storms in the Mississippi River section and was forced to leave its course to avoid hitting severe storms.

## Colorado City Outscore Hamlin On Muddy Field

## Boyd and Owens Lead Local Attack

In a ding-dong battle that surprised local and opposition fans alike, the Hamlin Pied Pipers bowed to the Colorado City Wolves 44 to 33, in a scoring bee that had fans on their feet most of the game Friday night at the Mitchell County seat.

Judging from previous contests of both teams this season, it was conceded that Colorado City could make nearly any score they desired. However, the fast-improving Pipers kicked a lot of dents in the old "dope bucket" and threw many a scare into the Wolves. Both teams were definitely offensive-minded with the score see-sawing constantly. The Wolves scored in every quarter and the Pipers in all but the third quarter. Following a dry first quarter, the teams battled the remainder of the way on a muddy field after a heavy rain.

Coaches Howard and King are highly elated over the improvements of the team in the last two weeks and Howard states they are 100 per cent improved. Local fans attending the game were also enthusiastic in their report. Boyd was outstanding in the first half and Owens hit his stride in the last half. Boyd scored the first three touchdowns and Owens the final pair. Aubrey Altum, kickoff and kicking specialist, added the three extra points. Had the game lasted a few more plays, Hamlin might have added another tally as they were beyond the 25-yard line when the final gun sounded.

Game statistics were not available, but competent observers were definitely of the opinion that the Pied Pipers registered more first downs and more yardage than the Wolves.

### Scoring Resumed.

Colorado City started the touchdown parade taking the kickoff and returning to the 30 from where Baker raced 70 yards to the goal line and added the extra point. Colorado City kicked off to Hamlin. Owens receiving on the 10-yard stripe and returning to the Colorado City 45-yard stripe with Boyd doing the heavy "totin'" he crossed the goal line in five plays. They failed to convert and trailed the Wolves 7-6. The Wolves took the kickoff and fumbled, Hamlin recovering on the Colorado 30-yard line and in three plays Boyd placed the oval on the one-yard line from where Owens scored. They added the extra point and went ahead 13-7 for the first time this season. Colorado City received the kickoff and after a first down, completed a long pass to an end, who raced 55 yards for the count and tied up the ball game 13 as the quarter ended.

Opening the second quarter the Wolves kicked to Hamlin and after registering a first down, they were forced to punt to the Wolves. Lay raced from the 40-yard stripe to the 25 stripe and then an end scored from there. Try for point failed and the Wolves led 19-13. Hamlin received and from the 30 they marched, with Boyd in high gear, to the goal line to knot the count, 19-19 at halftime.

In the second half Hamlin failed to tally, but the Wolves made their final four touchdowns to end the third quarter 44-19. Colorado scored once on a long pass, two on long runs, and one on short drives.

Opening the fourth stanza, Hamlin received the kickoff returning to the 40-yard. An end run was good for 30 yards and after going down to the one-yard stripe, Owens went over for the score and Altum added the extra point to pull up 44-26. Hamlin kicked off to Colorado City and they fumbled on their own 35-yard stripe. On the first play scatback Owens broke loose and raced to the two-yard line before he was brought down. Boyd carried to the one-yard stripe and Owens dashed over for the final tally and Altum added the point to make the score 44-33.

# 'Tween Me and my Typewriter

By Jeanelle Bryant

Old Man Winter paid this part of Texas a call during the week-end to the delight of those women who had new fall suits and coats they were so eager to show off, but to the dismay of us who had to pull out our

old clothes to discover they were really out-of-date, considering the length and short-tailed coat styles. We were happy to find many others in the same predicament and see how courageously they wore their last year's apparel with dignity. We like short skirts anyway, as we have oft times told you in the past. We keep telling ourselves that to boost our spirits.

As this is being written, it is doubtful if there will be a Herald this week due to the exhaustion of our newsprint supply. We have used our year's quota and someone is going to have to do some fast talk-

ing to get our hands on any more soon. The prospects are discouraging but we asked the man of our family why we couldn't just have a vacation until January 1 and he agreed it would be o.k. if we could dig us a cave to live in and fast for the next two months. President Truman has asked us to conserve food and that might be the solution to the feeding of the Europeans.

P. S.—We now have enough newsprint.

It seems the Bells who have the new baby are not the same Bells who are co-owners in the Hamlin White Auto Store, as was stated in the last issue of The Herald. It all came about as a misunderstanding between the office girl and yours truly. We're awfully sorry. Byron Bell called to ask if we were willing to furnish the cigars that so many were demanding. He was a great sport about it. At least we had the parent's names correct. We always say, "If The Herald doesn't get it right the first time, we will try again."

Do you ever get embarrassed when some out-of-town friend or acquaintance asks for your street address and you have to drop your head

and meekly reply, "I'm sorry, but Hamlin doesn't have its houses numbered." They always look shocked and you feel so utterly helpless to explain why such a fine town hasn't gotten around to doing just that. (We betcha' we get some good explanations and reasons, and that will please us. We truly want to be able to answer such a question intelligently the next time. And we would be much happier if by that time our streets will have been numbered.)

Camp Fire Girls are asking that we of Hamlin "Share Christmas with the children in Europe and England." Girls and boys are being asked to pack a box of hard candy, small toys, caps mittens, gloves, handkerchiefs, scarfs, stationery, soap, ribbons, books, crayolas, canned food, etc. with a letter or card from the sender with his address and name enclosed within. Boxes are to be tied with strong cord.

What a fine gesture! Parents, why don't we encourage our children to have a part in this splendid work. In doing this they may rekindle that true Christmas spirit which has been so lacking the past several years.

For further information you may see Mrs. L. C. Denton.

Have you met Mr. and Mrs. Carl

## Uncle Sam Says

Small business firms can take a wise tip from many of their customers who have built a reserve nestegg of Savings Bonds through the Payroll Savings Plan for buying Savings Bonds. The Bond-A-Month Plan at local banks where the corner drugstore, the grocer and the butcher maintain checking accounts is equally effective in providing a growing reserve for a business. For example, suppose you own a business which nets a \$100 a month. By investing \$30 a month in Savings Bonds through your bank's Bond-A-Month Plan you would have a \$2400 reserve in one year's time. U. S. Treasury Department

Miss Marcella Berry, daughter of Mr. and Mrs. W. B. Berry of Hamlin, was married Saturday, October 25 to Merrill Herring, son of Mrs. Effie M. Herring, also of Hamlin.

Rev. E. L. Redden read the double-ring ceremony at 6:00 o'clock Saturday evening in the pastor's home at Abilene. Attendants

were Ray Ulmer and Verne King, both of Hamlin.

The bride was attractive in a grey wool suit with black accessories, a white blouse and a corsage of white carnations.

Mr. Herring attended Hamlin schools. He served three years in the Army with two years being spent in the Pacific Theatre.

## Recent Bride Honored At Tea Friday Afternoon

Mrs. Jerry Waggoner, the former Verlene Stewart, was honored at a gift tea Friday afternoon from 3:00 to 5:00 o'clock in the home of Mrs. John D. Ferguson with Mrs. George Poe as co-hostess.

Mrs. E. M. Wilson greeted guests at the door, presenting the bride's mother, Mrs. Vernon Stewart, who introduced the honoree and Mrs. Frank Waggoner, mother of the bridegroom.

The bride was attractive in a lovely gray crepe afternoon frock with a white carnation waist corsage.

Mrs. Elbert Fomby directed guests into the dining room, where Mrs. Ferguson and Mrs. Poe served refreshments. The table centerpiece was beautiful, composed of a bride nosegay of tiny white and yellow chrysanthemums on a reflector with white tapers in crystal candelabra at each side. Favors were artificial orange blossoms surrounded with net, tied by white satin ribbon with Verlene and Jerry monogrammed in gold.

Mrs. Fred Vaughan was in charge of the gift room and Mrs. Starr Inzer presided at the bride's book, at which about 75 friends registered during the afternoon.

Mr. and Mrs. Waggoner were married October 1 and are residing here.

## Cured.

McTavish had never had the reputation of being an early bird and things became so bad that the foreman reprimanded him. A few days later, noticing a considerable improvement, he complimented Mac on his changed ways.

"Aye," retorted the latter, "I've got a parrot now."

"But what has a parrot got to do with it? Didn't I advise you to get an alarm clock?"

"I brought one," admitted McTavish, "but after a morning or two I got used to it and then it failed to wake me, so I just got a parrot and now when I go to bed I hang the alarm over its cage."

When it rings it awakens the parrot and what the parrot says would awaken anybody."

A round table discussion was held with the departmental leaders being given the opportunity to present their problems and ideas. Rev. Paraphrasing Browning, "Oh, to be in San Antonio now that autumn is there!"

Most romantic of Texas cities! Herds of bawling cattle once were driven down the dusty main street. Stagecoaches dashed in, with a story of a holdup or an Indian attack. Mules with jingling little bells, plodded in loaded with Spanish silver.

Her history is a procession of Spaniards, Mexicans, filibusters, Comanches, cowboys brawling in the saloons cattle kings betting thousands on the turn of a card.

From San Antonio, Jim Bowie set forth to seek the San Saba mine (known to legend, too now as "the lost Bowie Mine.") had an epic fight with red skins and because of his wounded men, had to turn back.

Roy Bean lived in San Antonio till he left for Langtry to become, "The Law West of the Pecos."

San Antonio not only is the scene of the Alamo but here too were

fought the Council House fight, the Grass fight, Salado, Alazan, Medina, Concepcion and the city was stormed by Texas patriots responding to the ringing call, "Who will go with old Ben Milam into San Antonio?"

Shanghai Pierce of the booming voice; Big-foot Wallace, Texas Ranger, stagecoach driver, hero of the Mier expedition and of the War with Bass on the dodge; Ben Thompson, Mexico; Bet-a-Million Gates; Sam master of the six-gun; Robert E. Lee; Captain Jack Hays; Sidney Lanier, O. Henry; Brann the Iconoclast—all were here.

What a cast of characters! Imagine writing a whole book on San Antonio and leaving all this—or nearly all of it—out! Well a fellow did.

A gambler who was an expert at poker was asked why he never bet on the races. He said, "They won't let me shuffle the horses."

From Arizona.  
Mr. and Mrs. John Connett of

Pheonix, Arizona, Mrs. Eli Hudson and Mrs. O. B. Farmer of Ashfork, Arizona have returned to their homes after a visit here with Mr. A. G. Hudson and Miss Pearl Hudson and other relatives in Stamford and Abilene.

## Jones County Home Demonstration Women Make Tour of County Homes

Jones County Home Demonstration Club women and friends met at 10 o'clock a. m. last Wednesday at the Courthouse in Anson to begin their tour of the County. Members from the following clubs made the complete tour: Willow Creek, Carter's Gap, Blue Bonnet, Avoca, Stamford, Tuxedo, Goodman and New Hope. At each place visited there would be more people added to the group making over 100 people taking part in the tour.

Walter Love's home. She showed the group a wardrobe demonstration that she began 13 years ago. She has a place for everything in her wardrobe and what is nice about it is that she keeps it there. She said, "I can get anything I want without a light anytime." She also showed the group a china closet she had made out of part of her cabinet that was a catch all. Her living room suite had been recovered and was very pretty. After the group had looked at the many pretty things

she had on display, everyone finally packed in the cars and the journey to Tuxedo began.

At Tuxedo the group visited Mrs. Polnac. She greeted everyone at the door and invited them into the dining room. The table was very pretty with a beautiful coffee service and a centerpiece of red verbenias. After a cup of coffee, Mrs. Polnac showed how to block print. She is going to block print curtains for her living room. The group also saw the beautiful old piano that Mrs. Polnac has refinished and the wood looks like satin; one just has to touch it to see how soft it is. Mrs. Williams, Mrs. Polnac's mother, said that she didn't know how old the piano was but she could trace its history back before the Civil War.

New Hope Club was the next stop. Mrs. C. R. Taylor's home was decked with exhibits of things the club members had made. Among them was an old chair that Mrs. Floyd Brigham had redone making it a lovely piece of furniture. Attention was called to Mrs. Taylor's living room curtains. She had hung them to the side of the windows thus giving them width and letting in all the light possible. Mrs. Taylor is also beginning to landscape her home grounds. She has a beautiful lawn and a big, wide, new cobblestone walk that she made herself. Her big, wide shrub beds are ready for shrubs this fall.

Mrs. Charley Walsh showed the group her living room that she was redoing. The room was too small so she had to move a wall to make it larger. She had to refinish her

floors, too. Her reupholstered chairs were pretty. After a cold drink, everyone received a cutting of a shrub or fig. With the cuttings wrapped in wet newspaper, the group went to the cars to begin the tour to Avoca.

Mrs. Joel Grimes' home was visited at Avoca. She has a new home and everyone wanted to see her new home as well as the many pretty things made by the club members. Mrs. Grimes has started her landscaping and has most of her lawn sodded, and nearly all of her foundation scrubs. She also has part of her screen planting out. Everyone is anxious to see her home when her scrubs have a little more time to grow.

About this time everyone began to get hungry so the journey to Pleasant Valley began. Pleasant Valley is an old school house that has been made into a community center. The big nice kitchen was an ideal place for us to spread the lunches that each person had carried. Pleasant Valley Club members made coffee and tea for everyone. They also had pie and cake, and from the large amount of food on the tables, they must have prepared extra sandwiches, too. After eating this good lunch, we went into the living room to see the many things on display. As we left several said, "Why couldn't we have a community center like that?"

Mrs. Lee Bohannon was visited next to see the living room suite she had reupholstered. She had also refinished the woodwork of the suite, too. Each cushion had 90

springs and she made sacks and re-cased each spring. Sometime drop by her house just to sit in one of the chairs. Of course, don't stop if you can't stay long, because this suite is so comfortable to sit in you will want to spend the whole afternoon.

Mrs. Dan Roberts of the Hodges Club was visited next. She had a real small room and she needed a larger living room so she moved some walls with the help of her small sons. Besides refinishing the walls and floors, she had some lovely drapes for her room.

By the time the group got to Mrs. Charley Hodge of Goodmon Club, several thought they were lost; but after seeing Mrs. Hodge's yard, they decided the trip was really worth the drive. Mrs. Hodge began work on her yard late this spring. She had a very small yard and had it dotted with flowerbeds. She had enlarged her lawn and moved her flower beds into a flower garden back of the house. She has foundation shrubs and screen plantings that are very pretty. Of course Mrs. Hodge has a lot of things she plans to do yet, but her landscaped home is very pretty right now. The club members also had an exhibit of many things they had made.

Mrs. J. L. Price's home was the

last place visited. She had recovered her divan and dining room chairs which were very nice. After looking at the many nice things the club members had on display, the tour was over.

Everyone began the tour home after a busy but joyous day, with ideas of how she could make her own home more attractive and comfortable.

Mrs. Jennings B. Terrell Sr. accompanied her sister-in-law, Mrs. Joe B. Terrell of Denver City to Temple this week, and Mrs. Joe B. Terrell was to have a medical check-up.

## POT-SHOTS FROM McCAULLEY

By GEORGE DARDEN

A inspired McCauley High School football team playing without their captain and star ball carrier, Joe Houghton, who was killed in a plane crash Sunday, October 19 and center, Paul Waldrop, whose father was killed in the same crash, ran over the Noodle team last Friday by a score of 56 to 0. The boys journeyed over to Noodle with heavy hearts with a will to win for their captain and center who were absent.

Yes, we believe there is such things as playing inspired ball and surely our boys were surer ball carriers last Friday.

Glyde Kemp hands us \$5 for the McCauley Cemetery Fund. Since the recent rain the cemetery will have to be worked, so send in your contributions, please.

Lt. and Mrs. W. H. Pickron Jr. visited last week in the home of parents in McCauley and Hamlin. Their home is Shreveport, Louisiana. Bill has recently received his regular Army commission with the rank of First Lt. and is stationed at Barksdale Field as a pilot instructor.

Real estate deals are still being made in these parts. Mr. and Mrs. Vernon Harris purchased a 160 acre farm from Mr. and Mrs. L. R. Maberry last week. The farm, is well improved and located southeast of McCauley about three miles and is generally known as the Peacock Place. Mr. and Mrs. Maberry plan to buy on the Plains.

Well folks, rain came at last, the heavy clouds still hang overhead about 65 to 70 per cent of the cotton is out and prospects are good for the sowing of small grain.

Mrs. Rufus Herbst and Mrs. Dick Maberry left Saturday for San Antonio as representatives of the McCauley and Hamlin Eastern Star Lodges. Members of the order from all over the State will meet in the Alamo City this week.

We gotta notion that Brad Rowland up Hamlin way just about "busted" all the buttons off his vest last Saturday night when his son, Brad Jr. ran wild over the ACC Wildcats. And "papa" Brad has a right to be proud, in fact aren't we all? Young Brad is doing a fine job of "toating" the ball for the McMurry Indians, Abilene, all of which goes to prove that West Texas really turns out star football players.

Basketball practice is in full swing down McCauley way in the new Ed Mason Gymnasium and a lot of Hamlin folks tell us that they plan to attend the games at McCauley these winter evenings. Even the business men can see a lot of basketball games due to the fact that

most of the games will be played at night.

This fellow Roberts who started with the Baylor Bears against Texas Tech as a nephew of Mrs. Lulan Maberry of McCauley.

Pinnie Fancher, W. E. (Bill) Maberry, Mr. and Mrs. Fred Maberry and Mrs. W. W. Miers and others from Lamesa attended funeral services for E. C. Waldrop in McCauley last Tuesday.

Our mom, Mrs. M. A. Darden, of Girard attended the funeral services for the plane crash victims in McCauley last Monday and Tuesday.

Carpenters are at work repairing the B. F. Short Grocery and the Masser Department Store. Yes, McCauley is pricking its ears and the business men as well as the farmerstockmen are looking to the future with pride.

If you are undecided as to the future, why not come over to McCauley and make your home? No better community anywhere, live among folks who stick together in fight or in fun, through sorrow and happiness. Buy a home in town or a choice farm in the country. Plenty of opportunities for a thriving business and the Pot-Shot man or Levi McCollom might have what you are looking for in the form of real estate.

Tom Price, for many years night watchman and former constable, is ill at his home south of McCauley at this writing.

Miss Mary Ann McCollom, McMurry, Abilene student, was home over the week-end.

Rev. and Mrs. Thompson are the proud parents of a daughter, Davis Jane, born October 19 at a hospital in Rotan, Bro. Thompson is the pastor of the McCauley Methodist Church and visiting in their home is his mother from Pampa.

Glenn Henderson and George Darden have purchased new Ford tractors and this business we call farming is sho' going to get in high gear. If the neighbors see a dust storm, it's the boys tearing up the earth down McCauley way.

## Kenneth Holloway On Winning Judging Team at Columbus

Kenneth Holloway, Hamlin FFA member, was on the Texas FFA judging team that placed first in its division at the All-American Jersey Cattle Show held at Columbus, Ohio from October 22-25. Holloway was among the top individuals out of several hundred boys from over the nation.

Holloway's fine show heifer wasn't in best condition at the national show and placed 15th against top competition, with nearly 200 entries.

A bull from the Herman Heep farm at San Antonio won the grand championship. This bull is a half-brother to Draconis Ivy Sultan, the bull owned by the Hamlin Junior Jersey Club.

## Has Throat Operation.

Mrs. Gene Beane had a throat operation at a Sweetwater hospital Monday. She is reported doing fine. She is the daughter of Mr. and Mrs. W. C. Elkins of Hamlin.

Sunday visitors in the home of J. D. Woods and family at Celotex included: Mr. and Mrs. J. D. Dutton Sr., Mr. and Mrs. J. D. Dutton Jr. and children and Mr. and Mrs. Helton Hester and children, all of Hamlin; Mr. and Mrs. L. L. Newsome, Jr., and Bobby of Midland and Mr. and Mrs. Alfred Altum of Abilene.

## Elder Nunn Has Been at Calvary Baptist One Year

Last Sunday closed the first year of Elder W. E. Nunn's pastorate of the Calvary Baptist Church in Hamlin. Elder Nunn came here as a result of a visit to the church while he was on the field as State Missionary Evangelist. He saw the need of this field after the church had called him and accepted the call.

Since the local church called him, the church has paid off a small indebtedness on their auditorium, and built an educational building, and have it paid for now. The interest and attendance are the largest in her history. Also the fellowship is good. There have been nearly 50 additions to the church. "Of all this we praise God and press forward to new things," the pastor stated.

"The church has had its ups and downs, but this year has been a year of ups. We hope that next year will be even greater year than the past," he further stated.

During the past year, Brother Nunn has held several revival meetings in other churches besides his work at home. In Odessa, Roaring Springs, Palapa, Judd and Athens he held meetings.

There have been about 100 additions to these churches, many of them on profession of faith and baptism.

Last Thursday Brother Nunn returned from a Mission Meeting in the city of Athens, which was held under the State Tents. The result of the meeting was the organization of a new church there.

The North Colorado Association met in a Worker's Conference at the Calvary Baptist Church last Friday. Speakers from Hermleigh, Snyder, Anson, Gore, Paducah and other places were present and brought beneficial and inspiring messages.

"The Calvary Baptist Church extends a friendly invitation and welcome to the entire public to attend all of her services. Sunday School for all classes begin at 10:00 o'clock a. m. Sunday mornings, preaching at 11:00 o'clock a. m. and 7:30 o'clock p. m. Prayer service and Bible study are held each Wednesday evening. At the present time, we are studying the Book of Revelation, taught by the pastor. On Tuesday afternoons at 2:30 o'clock p. m. the Women's Missionary Auxiliary meets," continued Elder Nunn.

"We wish to thank each one who has had a part in making the past year what it has been. Also we want to labor to make next year even greater. Our motto is 'A Friendly Church With a Plain Gospel Message Preached Without An Apology.' Come thou and we will do thee good, for the Lord has spoken good concerning Israel—Numbers 10:29" the pastor concluded.

The Calvary Baptist Church has also purchased stock in Hamlin Memorial Hospital for their pastor and are going to furnish one of the rooms.

"You are cordially invited to attend these services," Scott stated. "You will miss the greatest opportunity of your life if you fail to hear this man. He speaks in a kind voice, yet it is forceful. He preaches doctrine found in the Bible, and no where else. You need to hear him. It would be worth your time just to hear Roy Hooten leading the singing," concluded Scott.

## Mighty Mice Ride Stamford 46-6

Hamlin's Mighty Mice helped ease the pain of their big brother Piper loss to Stamford Bulldogs last week night when they walloped the Stamford Pups 46 to 6. Hamlin's Mice made a touchdown the first few seconds of the game and then drove again to the Stamford three-yard marker where they lost it on downs. Stamford took over and Rasco raced 67 yards for Stamford's Pups only score of the evening. In the second quarter Dean returned a punt 45 yards for a touchdown and the Mice led at half-time 12 to 6.

In the final hour the Mice ran wild to overrun the Pups 46 to 6. This week the Mice are idle and next week they meet Anson in the deciding game for the loop's junior championship. Both teams are undefeated and in their first encounter tied at 19-19.

## Improved Pipers Lose 44-33 Scoring Spree

## Pied Pipers Meet Munday Moguls Here Tonight

Hamlin's Pied Pipers, still seeking a victory after six successive defeats, meet the mighty Munday Moguls in a District 11-A encounter at Pied Piper Stadium Friday night. It will be the last home game of the season and Hamlin fans are urged to come out and back the locals as they engage the superior Knox County team.

Although showing great improvement now that they have begun to grasp the importance of blocking and tackling, the light and largely inexperienced Pipers are conceded no change of a win tonight (Friday). Nevertheless, both coaches and team members say they will be in their fighting for every inch of ground.

The Moguls, considered potential title winners this fall, have lost to Anson and Stamford, the latter 19 to 14 last Friday night and the game here will have no bearing on the title race, now narrowed down to Stamford and Anson.

Figures compiled from starting line-ups reveal that the Moguls outweigh the locals 26 pounds per man, with an average of 175 against the Pipers 149. The Mogul line averages 178, the Pipers 152. In the backfield Munday averages 168 and Hamlin 146.

Coach Howard said Tuesday that his team suffered a blow with the loss of Donald Green for the season. Green underwent an appendectomy Monday and will be lost for the season. A sophomore, he played in nearly 20 quarters.

## Tate May Meets Former Resident At HS-MS Game

Tate May flew to Columbus, Mississippi Saturday to attend the Hardin-Simmons-Mississippi State football game.

While yelling his lungs sore for the Hardin-Simmons Cowboys, he overheard another fellow behind him hollering, "Yea, Cowboys," too. He glanced sideways at the young man and at the same time the other man took notice of Mr. May. He excitedly inquired, "Say, aren't you Tate May from Hamlin?" Readily Mr. May admitted the fact and soon discovered he was addressing Johnny Dunn, son of Drew Dunn, who owned and operated a ranch north of Hamlin a few years ago.

Johnny now lives in Anniston, Alabama. James Tate May and Johnny Dunn attended high school together in Abilene.

More proof that this is a small world!

Tate May got plenty of thrills enroute home when his plane ran into storms in the Mississippi River section and was forced to leave its course to avoid hitting severe storms.

## Colorado City Outscore Hamlin On Muddy Field

## Boyd and Owens Lead Local Attack

In a ding-dong battle that surprised local and opposition fans alike, the Hamlin Pied Pipers bowed to the Colorado City Wolves 44 to 33, in a scoring bee that had fans on their feet most of the game Friday night at the Mitchell County seat.

Judging from previous contests of both teams this season, it was conceded that Colorado City could make nearly any score they desired. However, the fast-improving Pipers kicked a lot of dents in the old "dope bucket" and threw many a scare into the Wolves. Both teams were definitely offensive-minded with the score see-sawing constantly. The Wolves scored in every quarter and the Pipers in all but the third quarter. Following a dry first quarter, the teams battled the remainder of the way on a muddy field after a heavy rain.

Coaches Howard and King are highly elated over the improvements of the team in the last two weeks and Howard states they are 100 per cent improved. Local fans attending the game were also enthusiastic in their report. Boyd was outstanding in the first half and Owens hit his stride in the last half. Boyd scored the first three touchdowns and Owens the final pair. Aubrey Altum, kickoff and kicking specialist, added the three extra points. Had the game lasted a few more plays, Hamlin might have added another tally as they were beyond the 25-yard line when the final gun sounded.

Game statisticians were not available, but competent observers were definitely of the opinion that the Pied Pipers registered more first downs and more yardage than the Wolves.

### Scoring Resumed.

Colorado City started the touchdown parade taking the kickoff and returning to the 30 from where Baker raced 70 yards to the goal line and added the extra point. Colorado City kicked off to Hamlin. Owens receiving on the 10-yard stripe and returning to the Colorado City 45-yard stripe with Boyd doing the heavy "totin'" he crossed the goal line in five plays. They failed to convert and trailed the Wolves 7-6. The Wolves took the kickoff and fumbled, Hamlin recovering on the Colorado 30-yard line and in three plays Boyd placed the oval on the one-yard line from where Owens scored. They added the extra point and went ahead 13-7 for the first time this season. Colorado City received the kickoff and after a first down, completed a long pass to an end, who raced 55 yards for the count and tied up the ball game 13 as the quarter ended.

Opening the second quarter the Wolves kicked to Hamlin and after registering a first down, they were forced to punt to the Wolves. Lay raced from the 40-yard stripe to the 25 stripe and then an end scored from there. Try for point failed and the Wolves led 19-13. Hamlin received and from the 30 they marched, with Boyd in high gear, to the goal line to knot the count, 19-19 at halftime.

In the second half Hamlin failed to tally, but the Wolves made their final four touchdowns to end the third quarter 44-19. Colorado scored once on a long pass, two on long runs, and one on short drives.

Opening the fourth stanza, Hamlin received the kickoff returning to the 40-yard. An end run was good for 30 yards and after going down to the one-yard stripe, Owens went over for the score and Altum added the extra point to pull up 44-26. Hamlin kicked off to Colorado City and they fumbled on their own 35-yard stripe. On the first play scatback Owens broke loose and raced to the two-yard line before he was brought down. Boyd carried to the one-yard stripe and Owens dashed over for the final tally and Altum added the point to make the score 44-33.

## 'Tween Me and my Typewriter

By Jeanelle Bryant

Old Man Winter paid this part of Texas a call during the week-end to the delight of those women who had new fall suits and coats they were so eager to show off, but to the dismay of us who had to pull out our

old clothes to discover they were really out-of-date, considering the length and short-tailed coat styles. We were happy to find many others in the same predicament and see how courageously they wore their last year's apparel with dignity. We like short skirts anyway, as we have oftentimes told you in the past. We keep telling ourselves that to boost our spirits.

\*\*\*

As this is being written, it is doubtful if there will be a Herald this week due to the exhaustion of our newsprint supply. We have used our year's quota and someone is going to have to do some fast talk-

ing to get our hands on any more soon. The prospects are discouraging but we asked the man of our family why we couldn't just have a vacation until January 1 and he agreed it would be o.k. if we could dig us a cave to live in and fast for the next two months. President Truman has asked us to conserve food and that might be the solution to the feeding of the Europeans.

P. S.—We now have enough newsprint.

\*\*\*

It seems the Bells who have the new baby are not the same Bells who are co-owners in the Hamlin White Auto Store, as was stated in the last issue of The Herald. It all came about as a misunderstanding between the office girl and yours truly. We're awfully sorry. Byron Bell called to ask if we were willing to furnish the cigars that so many were demanding. He was a great sport about it. At least we had the parent's names correct. We always say, "If The Herald doesn't get it right the first time, we will try again."

\*\*\*

Do you ever get embarrassed when some out-of-town friend or acquaintance asks for your street address and you have to drop your head

and meekly reply, "I'm sorry, but Hamlin doesn't have its houses numbered." They always look shocked and you feel so utterly helpless to explain why such a fine town hasn't gotten around to doing just that. (We betcha' we get some good explanations and reasons, and that will please us. We truly want to be able to answer such a question intelligently the next time. And we would be much happier if by that time our streets will have been numbered.)

\*\*\*

Camp Fire Girls are asking that we of Hamlin "Share Christmas with the children in Europe and England." Girls and boys are being asked to pack a box of hard candy, small toys, caps, mittens, gloves, handkerchiefs, scarfs, stationery, soap, ribbons, books, crayolas, canned food, etc. with a letter or card from the sender with his address and name enclosed within. Boxes are to be tied with strong cord.

What a fine gesture! Parents, why don't we encourage our children to have a part in this splendid work. In doing this they may realize that true Christmas spirit which has been so lacking the past several years.

For further information you may see Mrs. L. C. Denton.

Have you met Mr. and Mrs. Carl

## Uncle Sam Says

Small business firms can take a wise tip from many of their customers who have built a reserve nestegg of Savings Bonds through the Payroll Savings Plan for buying Savings Bonds. The Bond-A-Month Plan at local banks where the butcher, druggist, the grocer and the butcher maintain checking accounts is equally effective in providing a growing reserve for a business. For example, suppose you own a business which nets a \$100 a month. By investing \$20 a month in Savings Bonds through your bank's Bond-A-Month Plan you would have a \$2400 reserve in one year's time. U. S. Treasury Department.

A young minister, calling on members of his congregation, came to a home in which there was a new baby.

As the proud mother exhibited the infant, the pastor sought to offer praise and felicitation.

"How old is the child?" he asked. "Just a month old today," was the reply.

"How interesting! Is it your youngest?"

The bride was attractive in a lovely gray crepe afternoon frock with a white carnation waist corsage.

Mrs. Elbert Fomby directed guests into the dining room, where Mrs. Ferguson and Mrs. Poe served refreshments. The table centerpiece was beautiful, composed of a bride nasegay of tiny white and yellow chrysanthemums on a reflector with white tapers in crystal candelabra at each side. ## Cured.

McTavish had never had the reputation of being an early bird and things became so bad that the foreman reprimanded him. A few days later, noticing a considerable improvement, he complimented Mac on his changed ways.

"Aye," retorted the latter, "I've got a parrot now."

"But what has a parrot got to do with it? Didn't I advise you to get an alarm clock?"

"I brought one," admitted McTavish, "but after a morning or two I got used to it and then it failed to wake me, so I just got a parrot and now when I go to bed I hang the alarm over its cage."

When it rings it awakens the parrot and what the parrot says waken anybody."

## Need Any Fire Kindling, If So School Has It

Need any kindling for these winter months ahead? If so, Hamlin School has it for you in that large quantity of scrap wood material left from the recent building program. Superintendent I. R. Huchingson states that this waste material is located on the northeast corner of the elementary school ground.

A large amount of this is suitable for trellises for flowers and for kindling and fire wood purposes and may be obtained free to those who need it. If you wish to secure any of this material you are urged to do so within a few days as it will be burned in order to clear the school ground, it was said.

"Gives You Texas"

Paraphrasing Browning, "Oh, to be in San Antonio now that autumn is there!"

Most romantic of Texas cities! Herds of bawling cattle once were driven down the dusty main street. Stagecoaches dashed in, with a story of a holdup or an Indian attack. Mules with jingling little bells, plodded in loaded with Spanish silver.

Her history is a procession of Spaniards, Mexicans, filibusters, Comanches, cowboys brawling in the saloons cattle kings betting thousands on the turn of a card.

From San Antonio, Jim Bowie set forth to seek the San Saba mine (known to legend, too now as "the lost Bowie Mine.") had an epic fight with red skins and because of his wounded men, had to turn back.

Roy Bean lived in San Antonio till he left for Langtry to become, "The Law West of the Pecos."

San Antonio not only is the scene of the Alamo but here too were

fought the Council House fight, the Grass fight, Salado, Alazan, Medina, Concepcion and the city was stormed by Texas patriots responding to the ringing call, "Who will go with old Ben Milam into San Antonio?"

Shanghai Pierce of the booming voice; Big-foot Wallace, Texas Ranger, stagecoach driver, hero of the Mier expedition and of the War with Bass on the dodge; Ben Thompson, Mexico; Bet-a-Million Gates; Sam master of the six-gun; Robert E. Lee; Captain Jack Hays; Sidney Lanier, O. Henry; Brann the Iconoclast—all were here.

What a cast of characters! Imagine writing a whole book on San Antonio and leaving all this—or nearly all of it—out! Well a fellow did.

A gambler who was an expert at poker was asked why he never bet on the races. He said, "They won't let me shuffle the horses."

From Arizona. Mr. and Mrs. John Connert of

Pheonix, Arizona, Mrs. Eli Hudson and Mrs. O. B. Farmer of Ashfork, Arizona have returned to their homes after a visit here with Mr. A. G. Hudson and Miss Pearl Hudson and other relatives in Stamford and Abilene.

# Jones County Home Demonstration Women Make Tour of County Homes

Jones County Home Demonstration Club women and friends met at 4:45 o'clock a. m. last Wednesday at the Courthouse in Anson to begin their tour of the County. Members from the following clubs made the complete tour: Willow Creek, Carter's Gap, Blue Bonnet, Avoca, Hamford, Tuxedo, Goodman and New Hope. At each place visited there would be more people added to the group making over 100 people taking part in the tour.

The first place visited was Mrs.

Walter Love's home. She showed the group a wardrobe demonstration that she began 13 years ago. She has a place for everything in her wardrobe and what is nice about it is that she keeps it there. She said, "I can get anything I want without a light anytime." She also showed the group a china closet she had made out of part of her cabinet that was a catch all. Her living room suite had been recovered and was very pretty. After the group had looked at the many pretty things

she had on display, everyone finally packed in the cars and the journey to Tuxedo began.

At Tuxedo the group visited Mrs. Polnac. She greeted everyone at the door and invited them into the dining room. The table was very pretty with a beautiful coffee service and a centerpiece of red verbenias. After a cup of coffee, Mrs. Polnac showed how to block print. She is going to block print curtains for her living room. The group also saw the beautiful old piano that Mrs. Polnac has refinished and the wood looks like satin; one just has to touch it to see how soft it is. Mrs. Williams, Mrs. Polnac's mother, said that she didn't know how old the piano was but she could trace its history back before the Civil War.

New Hope Club was the next stop. Mrs. C. R. Taylor's home was decked with exhibits of things the club members had made. Among them was an old chair that Mrs. Floyd Brigham had redone making it a lovely piece of furniture. Attention was called to Mrs. Taylor's living room curtains. She had hung them to the side of the windows thus giving them width and letting in all the light possible. Mrs. Taylor is also beginning to landscape her home grounds. She has a beautiful lawn and a big, wide, new cobblestone walk that she made herself. Her big, wide shrub beds are ready for shrubs this fall.

Mrs. Charley Walsh showed the group her living room that she was redoing. The room was too small so she had to move a wall to make it larger. She had to refinish her

floors, too. Her reupholstered chairs were pretty. After a cold drink, everyone received a cutting of a shrub or fig. With the cuttings wrapped in wet newspaper, the group went to the cars to begin the tour to Avoca.

Mrs. Joel Grimes' home was visited at Avoca. She has a new home and everyone wanted to see her new home as well as the many pretty things made by the club members. Mrs. Grimes has started her landscaping and has most of her lawn sodded, and nearly all of her foundation scrubs. She also has part of her screen planting out. Everyone is anxious to see her home when her scrubs have a little more time to grow.

About this time everyone began to get hungry so the journey to Pleasant Valley began. Pleasant Valley is an old school house that has been made into a community center. The big nice kitchen was an ideal place for us to spread the lunches that teach person had carried. Pleasant Valley Club members made coffee and tea for everyone. They also had pie and cake, and from the large amount of food on the tables, they must have prepared extra sandwiches, too. After eating this good lunch, we went into the living room to see the many things on display. As we left several said, "Why couldn't we have a community center like that?"

Mrs. Lee Bohannon was visited next to see the living room suite she had reupholstered. She had also refinished the woodwork of the suite, too. Each cushion had 90

springs and she made sacks and re-cased each spring. Sometime drop by her house just to sit in one of the chairs. Of course, don't stop if you can't stay long, because this suite is so comfortable to sit in you will want to spend the whole afternoon.

Mrs. Dan Roberts of the Hodges Club was visited next. She had a real small room and she needed a larger living room so she moved some walls with the help of her small sons. Besides refinishing the walls and floors, she had some lovely drapes for her room.

By the time the group got to Mrs. Charley Hodge of Goodman Club, several thought they were lost; but after seeing Mrs. Hodge's yard, they decided the trip was really worth the drive. Mrs. Hodge began work on her yard late this spring. She had a very small yard and had it dotted with flowerbeds. She had enlarged her lawn and moved her flower beds into a flower garden back of the house. She has foundation shrubs and screen plantings that are very pretty. Of course Mrs. Hodge has a lot of things she plans to do yet, but her landscaped home is very pretty right now. The club members also had an exhibit of many things they had made.

Mrs. J. L. Price's home was the

last place visited. She had recovered her divan and dining room chairs which were very nice. After looking at the many nice things the club members had on display, the tour was over.

Everyone began the tour home after a busy but joyous day, with ideas of how she could make her own home more attractive and comfortable.

Mrs. Jennings B. Terrell Sr. accompanied her sister-in-law, Mrs. Joe B. Terrell of Denver City to Temple this week, and Mrs. Joe B. Terrell was to have a medical check-up.

## POT-SHOTS FROM McCAULLEY

By GEORGE DARDEN

A inspired McCauley High School football team playing without their captain and star ball carrier, Joe Houghton, who was killed in a plane crash Sunday, October 19 and center, Paul Waldrop, whose father

was killed in the same crash, ran over the Noodle team last Friday by a score of 56 to 0. The boys journeyed over to Noodle with heavy hearts with a will to win for their captain and center who were absent.

Yes, we believe there is such things as playing inspired ball and surely our boys were super ball carriers last Friday.

Clyde Kemp hands us \$5 for the McCauley Cemetery Fund. Since the recent rain the cemetery will have to be worked, so send in your contributions, please.

Lt. and Mrs. W. H. Pickron Jr. visited last week in the home of parents in McCauley and Hamlin. Their home is Shreveport, Louisiana. Bill has recently received his regular Army commission with the rank of First Lt. and is stationed at Barksdale Field as a pilot instructor.

Real estate deals are still being made in these parts. Mr. and Mrs. Vernon Harris purchased a 160 acre farm from Mr. and Mrs. L. R. Maberry last week. The farm, is well improved and located southeast of McCauley about three miles and is generally known as the Peacock Place. Mr. and Mrs. Maberry plan to buy on the Plains.

Well folks, rain came at last, the heavy clouds still hang overhead about 65 to 70 per cent of the cotton is out and prospects are good for the sowing of small grain.

Mrs. Rufus Herbst and Mrs. Dick Maberry left Saturday for San Antonio as representatives of the McCauley and Hamlin Eastern Star Lodges. Members of the order from all over the State will meet in the Alamo City this week.

We gotta, notion that Brad Rowland up Hamlin way just about "busted" all the buttons off his vest last Saturday night when his son, Brad Jr. ran wild over the ACC Wildcats. And "papa" Brad has a right to be proud, in fact aren't we all? Young Brad is doing a fine job of "toating" the ball for the McCauley Indians, Abilen, all of which goes to prove that West Texas really turns out star football players.

Basketball pretaiice is in full swing down McCauley way in the new Ed Mason Gymnasium and a lot of Hamlin folks tells us that they plan to attend the games at McCauley these winter evnigns. Even the business men can see a lot of basketball games due to the fact that

most of the games will be played at night.

This fellow Roberts who started with the Baylor Bears against Texas Tech is a nephew of Mrs. Lulan Maberry of McCauley.

Finnie Fancher, W. E. (Bill) Maberry, Mr. and Mrs. Fred Maberry and Mrs. W. W. Miers and others from Lamesa attended funeral services for E. C. Waldrop in McCauley last Tuesday.

Our mom, Mrs. M. A. Darden, of Garard attended the funeral services for the plane crash victims in McCauley last Monday and Tuesday.

Carpenters are at work repairing the B. F. Short Grocery and the Masser Department Store. Yes, McCauley is pricking its ears and the business men as well as the farmerstockmen are looking to the future with pride.

If you are undecided as to the future, why not come over to McCauley and make your home? No better community anywhere, live among folks who stick together in fight or in fun, through sorrow and happiness. Buy a home in town or a choice farm in the country. Plenty of opportunities for a thriving business and the Pot-Shot man or Levi McCollom might have what you are looking for in the form of real estate.

Tom Price, for many years night watchman and former constable, is ill at his home south of McCauley at this writing.

Miss Mary Ann McCollom, McCauley, Abilen student, was home over the week-end.

Rev. and Mrs. Thompson are the proud parents of a daughter, Davis Jane, born October 19 at a hospital in Rotan. Bro. Thompson is the pastor of the McCauley Methodist Church and visiting in their home is his mother from Pampa.

Glenn Henderson and George Darden have purchased new Ford tractors and this business we call farming is sho' going to get in high gear. If the neighbors see a dust storm, it's the boys tearing up the earth down McCauley way.

## Kenneth Holloway On Winning Judging Team at Columbus

Kenneth Holloway, Hamlin FFA member, was on the Texas FFA judging team that placed first in its division at the All-American Jersey Cattle Show held at Columbus, Ohio from October 22-25. Holloway was among the top individuals out of several hundred boys from over the nation.

Holloway's fine show heifer wasn't in best condition at the national show and placed 15th against top competition, with nearly 200 entries. A bull from the Herman Heep farm at San Antonio won the grand championship. This bull is a half-brother to Draconis Ivy Sultan, the bull owned by the Hamlin Junior Jersey Club.

### Has Throat Operation.

Mrs. Gene Beane had a throat operation at a Sweetwater hospital Monday. She is reported doing fine. She is the daughter of Mr. and Mrs. W. C. Elkins of Hamlin.

Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.
